A merry Christmas to all our readers.

A sale of \$200,000 funding bonds of  
Arizona at par has been effected by W.  
J. Murphy, manager of the Phoenix  
Trust company.

The St. Louis Gold Savings com-  
pany which is working the Mammoth  
tailings is reported to be making about  
\$300 daily, and the Mammoth com-  
pany \$100 as a royalty.

The largest gold production for any  
one year in the United States, was in  
1893, when the yield was 3,144,374  
ounces fine—\$65,000,000, which is  
\$8,000,000 in excess of the yield of  
1897.

The Calumet and Hecla Copper Min-  
ing company, of Michigan, declared a  
dividend of \$10 a share last week,  
amounting to \$1,000,000. The com-  
pany has paid in dividends to date  
\$55,850,000. Copper is certainly king.

A Phoenix paper publishes an im-  
probable story of an attempt made to  
hold up a prominent attorney of the  
capital city. If true the footpad was  
demented as no one of sane mind would  
ever think of waylaying either a lawyer  
or an editor in Arizona, for the purpose  
of robbery.

The resignation of Secretary Bliss  
gives the President a chance to  
strengthen his administration by put-  
ting a representative southern man in  
his cabinet. It is now vacated by a  
New Yorker, to be sure, but the earth  
and the fullness thereof do not belong  
to New York. A new secretary of the  
interior, chosen from southerners,  
of the Wheeler and Butler stripe would  
be a shrewd move on the President's  
part.

After January 1, the stamped en-  
velopes issued by the post office de-  
partment will be a red stamp of exactly  
the same shape as the carmine two-  
center. This is in accordance with an  
article in the international postal agree-  
ment which requires all issues of the  
same denomination of a stamp to be  
uniform in color. The department  
will this month begin substituting the  
red stamp on envelopes for the green.

Colonel Wilson, delegate-elect to  
congress, has been notified by Profes-  
sor Meritt, of the Annapolis naval ac-  
ademy, that the former's privilege of  
appointment is now granted, and asks  
that the names of appointees be sent to  
him as soon as possible. He also stated  
that the examinations would be the  
standard, both physical and mental.  
Colonel Wilson will give Cochise coun-  
ty the preference, inasmuch as Cochise  
is the only county which has not made  
any application for an appointment in  
the past.—Phoenix Enterprise.

Newspapers claiming to advocate  
democratic principles are very short-  
sighted to permit themselves to be  
drawn into the discussion of territorial  
expansion, by the republicans, who  
invite a new issue that they hope may  
overshadow and weaken the cause of  
free silver coinage. The acquisition of  
the Spanish islands accentuates the  
need of silver coinage by the United  
States. The principal, and in fact,  
almost the only money in circulation,  
in the Philippines, Porto Rico and  
Cuba, is silver, and the supply is  
greatly inadequate to the demands of  
business. The question of money for  
these islands is one which congress  
will have to meet, and the practical  
solution of which is to be found in the  
generous coinage of silver, in doing  
which we would be employing a home  
product and enriching our own people,  
not alone the producers of silver, but  
the wage earners in almost every indus-  
try throughout our broad land. In the  
United States proper, there is not  
enough silver in circulation for the  
convenient transaction of business, and  
all that our mints could coin would be  
readily absorbed into the channels of  
commerce. The democratic party  
stands pledged to the Chicago platform,  
of which the silver plank is the chief,  
and on this platform, we will stand in  
1900.

Silver is the issue.

TO OUR CUSTOMERS.—Our cash  
sales have increased so much that we  
have quit all credit sales for good. All  
sales hereafter are Spot Cash or C. O.  
D. only. Rich and poor alike. Our  
prices will be reduced still more and  
we shall sell at prices no Credit House  
can follow. We will try to merit your  
patronage by still better service, better  
goods and lower prices in all depart-  
ments and to all alike.

Respectfully,  
E. F. KELLNER & CO.

## AN OLD CHRISTMAS SONG.

Now thrice welcome, Christmas,  
Which brings us good cheer,  
Mine'd pies and plumb porridge  
Good ale and strong beer;  
With pig, goose and capon,  
The best that may be,  
So well doth the weather  
And our stomachs agree.

Observe how the chimneys  
Do smoke all about,  
The cooks are providing  
For dinner no doubt;  
But those on whose tables  
No victuals appear,  
O, may they keep Lent  
All the rest of the year!

With holly and ivy  
So green and so gay;  
We deck up our houses  
As fresh as the day,  
With bays and rosemary  
And laurel compleat,  
And every one now  
Is a king in conceit.

## PREMATURE AND PRESUMPTU- OUS.

Some of our democratic exchanges  
assume a good deal when they essay to  
establish the policy of the democratic  
party as opposed to the retention of  
the Philippines and other possessions  
won from Spain through the arbitra-  
ment of war. It would be well to wait  
until there has been a declaration by  
the national democracy on the question  
of territorial expansion before indulg-  
ing in denunciation of the administra-  
tion for having enforced this nation's  
claims against Spain. Certainly there  
should be no serious opposition to the  
ratification of the peace treaty in the  
senate, and we do not anticipate that  
there will be.

Territorial expansion is as yet not a  
party issue; prominent men in both  
parties have declared against it, while  
many of the brightest men among the  
democrats favor keeping the posses-  
sions acquired from Spain, as the legiti-  
mate fruits of victory, and in the in-  
terest of our national growth and pros-  
perity. Nothing is to be gained by  
opposing a popular movement on  
merely narrow partisan grounds.

The United States is in the position  
where it would be more troublesome  
to relinquish the islands gained from  
Spain than to hold them. Even anti-  
expansionists recognize this fact. The  
only question to be discussed is the  
government of our colonies, and that is  
likely to become a party issue. There  
is no doubt but that through our  
successful war with Spain we incurred  
great responsibilities and must solve  
problems of government new to us,  
but the American people never failed  
in an emergency, and will meet and  
overcome the obstacles which now  
appear to timid and querulous  
minds as insuperable.

The popularity of Chamberlain's  
Cough Remedy and the high esteem in  
which it is held leads us to believe it to  
be an article of great worth and merit.  
We have the pleasure of giving the ex-  
perience of three prominent citizens of  
Redondo Beach, Cal., in the use of the  
remedy. Mr. A. V. Trudell says, "I  
have always received prompt relief  
when I used Chamberlain's Cough  
Remedy." Mr. James Orchard says:  
"I am satisfied that Chamberlain's  
Cough Remedy cured my cold." Mr.  
J. M. Hatcher says, "For three years  
I have used Chamberlain's Cough  
Remedy in my family and its results  
have always been satisfactory." H. C.

now firmly established on what will  
hereafter be known as the rock of  
democracy.

Mr. and Mrs. Hopkins are under  
arrest, having while under the influence  
of booze last night, indulged in a fami-  
ly row, during which the wife slashed her  
husband in the neck with a razor and  
came very near terminating his earthly  
existence.

Al Sieber, who came in from Pinto  
creek last Tuesday, informed us that  
a great deal of development work has  
been done on the mines in that part of  
Globe district, which is attracting much  
attention. Seventy-two claims, cover-  
ing practically the whole gulch, have  
been bonded to an eastern syndicate.
